

Question Prompt List

for Parents of Newborns with Seizures

You may be worried about your baby's health care after a seizure diagnosis.

Preparing questions before you meet with your baby's care team can help.

The NSR Question Prompt List was designed with parents of babies with seizures to help you get the information you need.

QUESTIONS ARE ORGANIZED INTO 5 TOPICS:

Understanding my baby's seizure diagnosis

My baby's antiseizure medications

What to expect for my baby's future

What to do in case of seizures after my baby goes home

Finding more information and support
